Volunteer Information

Helping Hands Home Modifications volunteers are men and women with basic home repair skills. Some are retired from the building trades and others pick up a tool for the first time at our training sessions. Group volunteers come from churches, civic clubs, local businesses, active military, veterans' organizations, unions and apprentice programs. Some volunteers work on home repair projects and others help by taking requests for repairs and scheduling projects. All enjoy being part of a collaborative team working together to provide a vital community service that improves the lives of others.

After you have completed this form a volunteer coordinator will contact you to answer your questions and help you learn more about HHHR volunteer opportunities.
